### King Sam.

Col. W. C. Greene gave to Sam King a \$100,000 mine close to Cananea a few days ago. Frank King returned from Cananea Friday where he has been with his brother the past few days getting the title to the property.

The mine is a well developed property with about \$180,000 worth of ore blocked and all necessary machinery on the ground to operate it with, even to 1000 cords of wood. The boiler has never been fired, but everything is in readiness to commence operations at once. Sam King and Bill Greene were good friends in early days on the Mexican line and to show the appreciation of deeds King has done Greene gave him this mine which will undoubtedly make Sam King a real king.

After Greene had made the gift he offered King \$100,000 for the mine but advised King not to sell as it was worth a great deal more than that. Operations will be commenced at once under Mr. King's management.—Tucson Post.
